Person Identification

- born in 1977 in Brno, Czechoslovakia
- married
- Czech nationality

Employment Position

- assistant professor

Employment and Education Summary

- 2009 - today assistant professor
- 2007 - 2008 researcher, Masaryk University, Brno, NCBR
- 2006 - 2007 postdoctoral fellow, Universität Basel, Switzerland
- 2002-2006 Faculty of Science Masaryk University Brno, organic chemistry, doctoral study
- 1997-2002 Faculty of Science Masaryk University Brno, organic chemistry, master study

Scientific and Research Activities

- organic photochemistry, organic chemistry, photophysics, laser flash photolysis, pump-probe spectroscopy, photoremovable protecting groups, photochromism, photochemistry on ice, freezing potential, freezing denaturation

Publications Overview

- 32 research papers, *h*-index: 13, Sum of the Times Cited: 474 (August 2015)
